

**CUHK Convocation Outstanding Services  
and Creativity Student Awards 2014/15**

<b>Name</b>	Chan Yuk Chun
<b>Major</b>	Earth System Science

I am sincerely honoured to have been selected as the recipient of the Outstanding Campus Services Award this year and I would like to express my heartfelt gratitude to CUHK Convocation.

I am a year three student majoring in Earth System Science. In freshman year, I worked in the Resident Council of Lee Quo Wei Hall at the S.H.Ho College. The main goal of our society is to build a closer relationship between the residents in hall, across different majors, years, languages and backgrounds. Throughout the year, I worked with the other committee members in organizing different activities and striving for welfare of the residents. We are glad to become the bridge between residents and college in various hostel issues. The fruitful experience in resident council has trained my communication skills, shaped me into a better leader and motivated me to explore the other ways to contribute to the university.

Apart from the long-term service in resident council, I have also participated in different activities in campus. I was one of the crew in college rowing team in 2013 where I had an unforgettable story of training and team spirit. I organized and joined the Master Cup, which is an inter-hall sports competition, with the other students at college. We aim to promote sports and develop the hall culture through series of activities. To serve the freshmen and welcome them to the college life, I worked in the organizing committee of college orientation camp in 2013 and 2014. I really felt satisfied when I saw students from the new generation inherit the culture and enjoy their time in college.

It is so encouraging to know that my work was being recognised and the award has given me a boost of confidence. The scholarship can support part of the expenses for my exchange study in Denmark, where I will find inspiration for new types of campus services and student activities. I hope that I can continue to make contribution to school after I come back. Once again, I would like to offer my sincerest thanks for the generous support from CUHK Convocation.
