姓名

Yuan Dongyan

Major
主修

Juris Doctor

First and foremost, I'm thrilled to be awarded the CUHK Convocation Postgraduate Admission Scholarship 2023/24. As a proud recipient of this scholarship, I am honored and humbled to have been selected as a student ambassador for the CUHK Convocation. And I would like to share my postgraduate life at CUHK.

As a CUHK alumni, it's a brand-new chapter for me to step back to the campus since I graduated in 2019. The opportunity to pursue my passion for law alongside my professional commitments has been made possible through CUHK offering a part-time mode JD program. I started my study in September 2023 at the Graduate Law Centre located in the Bank of America Tower. My daily routine is to go to class at 6:30 pm after work. The three hours spent in class is the most fulfilling and enjoyable time in a day. We have respectful and knowledgeable teachers to lead the way towards the gate to the law, showing us not only a solid understanding of legal principles, the spirit of fairness and justice, and the immense significance of law as the foundation of Hong Kong's society. Despite dedicating substantial hours to study and research, I realized how genuine interest can be the best motivation. As a part-time student, one of the major challenges I am facing is time management. Balancing the demands of family, friends, work, and leisure, alongside academic pursuits has been a significant challenge. And I believe that learning how to balance and make choices is a lifelong lesson that everyone has to go through.

CUHK has also provided a great platform for network and career aspirations. I have actively engaged in various activities, including alumni events, workshops, and orientations, etc. I'm able to meet exceptional classmates, professors, and alumni from diverse backgrounds. Building connections and fostering meaningful relationships with individuals who share my passion for law has been helpful in both personal and professional growth. CUHK also provides great career resources, ranging from career planning to interview skills workshops. Although I currently hold a full-time job, I'm also able to explore different opportunities and broaden my perspective and expand my career aspirations.

I would like to express my sincere appreciation to the CUHK Convocation for awarding me this prestigious scholarship. This recognition means a great deal to me, and I am committed to contribute to the Convocation with the utmost dedication. My academic background and professional experience have equipped me with a strong foundation to fulfill this role effectively. I believe that my sincere loyalty to CUHK and my genuine enthusiasm for promoting its values and achievements will enable me to serve as an effective student ambassador.
